HEALTH BOARD TO STATION MAN HERE

Dr. Wittenberg Coming To Take Charge of Epidemic—Physicians Must Report Cases to Powers

Dr. Wittenberg, of the State Board of Health, is expected here tonight to take active charge of the efforts to stamp out the flu epidemic. Active co-operation seems assured on all sides in the efforts of the health authorities to enforce the modified quarantine regulations which have been established.

Dave Powers has been appointed as Clerk of the Health Board, and all physicians have been directed to report every flu case to him, and he and the police will have charge of placarding homes where the disease has made its appearance.

Cards have been printed and will be distributed to the children of the city schools tomorrow, and inoculation with the Mayo serum will be made at once. Mayor Evans will go to Caldwell school, and be inoculated before the student body, to show them the painlessness of the slight operation. The cards which the children will take for their parents to sign read as follows:

To the Parents:
The State Board of Health, through the generosity of the Mayo Foundation, proposes to furnish free, enough of the Mayo serum to inoculate the school children. The Mayo Foundation reports a remarkable degree of success obtained from this treatment as a preventive of "flu" and pneumonia, and states that out of 100,000 cases where this serum has been used not a single death or even a real serious case of the disease developed. The serum is harmless and is endorsed by the Surgeon General of the army. We are anxious that all school children have the protection which this free treatment may afford them, and we hope by its use to stamp out this dreadful scourge from the schools and the community. If you are willing for your child to be inoculated with this serum, kindly sign the statement below. Sincerely yours,

D. W. BRIDGES,
Superintendent of City Schools.

I hereby give my consent to this free inoculation of my children—
(Names) _____ with the Mayo serum to be administered by the City Health Department, and other competent physicians.

Heard About Town

Senator R. L. Hubble, of Stanford, was here Monday looking over the stock markets, and shaking hands with his many friends.

Mr. and Mrs. Haden Turpin have received a telegram that their son, Alex Turpin, has arrived safely at Hoboken, N. J., from France where he has been with the U. S. army during the war.

Mr. Harvey Chenault left a few days ago to spend the winter in Miami, Florida. Mrs. Chenault, who is improving after an attack of tonsillitis, will join him as soon as her condition permits.

W. S. Judy, buyer for the R. J. Reynolds & Son Tobacco Company, is quite ill with flu. His company has been wired at Lexington to send another man to take his place on the breaks. Mr. Judy is one of the most popular men who come to the local markets and his many friends hope for his speedy recovery.

The new flu quarantine regulations were rigidly observed at the Opera House last night. Hugh Dargavel has been appointed special usher to see that every other seat is occupied. Most everyone who attended the performance to see the ever popular Douglas Fairbanks, had read of the regulations in the Daily Register in the afternoon and everyone seemed desirous of co-operating in the effort to stamp out the malady which has obtained such a hold upon the community.

Russian Reds Advancing

London, Jan. 7—Bulletin—A Russian wireless dispatch today announces that the Bolsheviks captured port of Riga January 4th. In Estonia, Botelesthonia, the Bolsheviks are marching on Reval and are 30 miles away. The Soviet government claims a general Bolshevik advance westward in old Russia with the capture of many villages.

CIVIL WARFARE STARTS IN HUN CAPITOL

Radical Workmen Fill the Streets and Firing Begins While Hundreds Flee From City.

Copenhagen, Jan. 7—Berlin is in a state of complete anarchy and civil war has begun there, according to the Munich correspondent of the *Politiken*, who says his information is based on telephone messages from the German capital. All the banks are barricaded and a great number of public buildings are in the hands of the Spartacus or extreme radical group.

Thousands of armed workmen of the Spartacus faction, the correspondent reports, fill the streets and at several points firing has begun, including machine guns, the sound of which could be heard in all parts of Berlin. Hundreds of persons are reported fleeing from the city.

League of Nations Plan

Paris, Jan. 7.—The Paris edition of the London Daily Mail outlines what it calls the American plan of a league of nations, which, it asserts, Great Britain has accepted. It says each country would send an Ambassador, who will be a member of the Cabinet at home, an Ambassador continuously and act in agreement with the home government. The Court of the League of Nations, however, will be subordinate to and distinct from the Ambassadors. Arbitration in case of a dispute will be voluntary if desired, and compulsory if necessary. In case of a refusal to arbitrate, the league would appoint some of its members to exercise pressure.

Kirksville Boy Writes

Mr. C. B. Neikirk, of the Kirksville section, received an interesting letter from his son, Corporal Lewis Neikirk, written the last of October, before the war was over. His friends will read it with interest. He writes:

Somewhere in France, Oct. 31.

Dear Father:

I have had two letters from you since I wrote. I haven't had a chance to answer them until now. I am well and enjoying life and I think France is some country, although we are having lots of rain now and it is beginning to get cold, but we are well fixed for the winter and won't mind it. I like France better than I did. I can understand the French better. I can understand the French better. I can make them understand what I want, and as I told you before, France is the most beautiful country in the world and Paris, well, I wish you could see that city—it is the most wonderful city in the world. I have been there several times and I am going every chance I get. We used to have air raids but we don't have them any more as the Germans have been driven so far back and they are so hard pressed that there is no chance for them to get in Paris any more. I have heard "Big Bertha" shells drop in Paris and they did lots of damage. You may have been right when you said that the war would be over by Xmas. Lots of people here think the same since Austria has gone to the bad, but somehow I think it will last another winter yet.

Mamma asked me what she could send me that I needed. I told her I didn't need anything, but I certainly would like to get some papers from old Kentucky. There is a New York Herald printed in Paris that gives us all the war news and a lot from home, but hardly anything from Kentucky. I gave a Frenchman some of that twist of tobacco you sent me. I thought I would have some fun out of him. I thought it would be too strong for him, but he rolled a cigarette and lit it and took a big inhalation of it and said it was bon, which means good. He wanted to buy the whole twist but I wouldn't sell it for I had more fun out of it than I have had in a long time.

I don't think I ever told you how the French treated us. They think there is no one like the Americans. The first town we were stationed in there were no other American soldiers so when any of us walked down the street you could see them run to the windows and look and yell good night at us, and little children would run up to us and say "kiss me, American." We were treated so nice in that town by the French that I hated to leave, but the next town was just as good. It seems like they want to praise everything we do, but I have told you some of the bright things but haven't told you about the temptations that the American soldiers have to contend with. There is a wine shop nearly

JUDY'S ILLNESS STOPS TOBACCO MARKET

High Prices Still the Rule Monday, One Basket Selling at \$70—Day's Average Was \$30.25.

An enforced recess was taken by the Richmond tobacco market today on account of the serious illness of W. S. Judy, buyer for the R. J. Reynolds Company, with the flu. The other buyers, out of courtesy to Mr. Judy and his company, decided not to buy either today. A substitute is expected here tomorrow, when sales will be resumed at the Home House, where they left off when he was taken ill.

The market Monday was very good, a total of 184,140 pounds being sold at an average of \$30.25. Several exceptionally high averages were made, one basket of 365 pounds owned by J. J. Bellamy, of Paint Lick, selling at 70 cents a pound. The floors of both houses are loaded down with the weed, and with the market continuing to climb upwards, some splendid money is going to be obtained by the growers.

At Paris the Bourbon House sold a total of 130,120 pounds for a money value of \$44,107.72, a floor average of \$33.89; one basket that weighed 670 pounds, sold for 57 cents per pound and brought the owner \$381. The Independent House sold 143,000 pounds for \$48,761.94, and average of \$34.10.

At Mt. Sterling the Farmers house sold 137,240 pounds for \$41,588.64, an average of \$30.29.

At Carrollton 215,000 pounds at one house and at the other 127,105 pounds sold at an average of \$32.47. Bert Ayler, of Indiana, made an average of \$44.50 on a crop of 5,265 pounds.

The Dry Ridge loose leaf market sold 51,910 pounds at an average of \$26.88. Prices ranged from \$10 to \$52 per hundred. The highest crop averaged \$41 per hundred.

At Frankfort all previous records were smashed in prices received for 200,000 pounds of tobacco, although the quality was not excellent. Prices ranged as high as \$64, and averaged \$34.

At Carlisle the tobacco market was firm. Sales were 197,000 pounds with prices ranging from \$10 to \$70.

At Lexington total amount sold, 805,780 pounds; average \$37.73. Burley—379,024 pounds; average \$40.15; high \$71. Peoples—230,405 pounds; average \$35.11; high \$65. Growers—101,115 pounds; average \$38.55; high \$62. Farmers Home—95,235 pounds average \$33.50; high \$68.

every other door in France and all kinds of intoxicating liquors can be bought. The French are all moderate drinkers and can take a glass of wine and drink and talk all day, but the Americans can't do that. It is forbidden to sell the American soldier any strong drinks in Paris, so you hardly ever see any drunken American soldiers and the conduct of the American soldiers in France is going to win a name for them that all future generations will be proud of.

Now there are the French women that you have heard so much about, and all you have heard is true, but the boys over here are thinking about the sweet girls back home waiting and they don't think much about the French girls. I don't think there will be but few Americans to marry in France, although the French girls are trying to cop a few of the boys. The American soldiers are called the millionaire soldiers in some places as they seem to have lots of money and there is no doubt the American soldier is the best dressed soldier in the world. The French soldier gets only five cents a day and if he gets sick or wounded he doesn't get anything for the time he is in the hospital but the French are very good and neat soldiers and after four years fighting the French still have a fine looking bunch of men. I have seen soldiers from all over the world since I have been here and the French are my favorites, not including the Americans, of course.

Floyd landed safely and all right. I have a letter from him Sunday; he likes it fine. He said he would probably meet me in Paris in the near future. I don't know whether he is in France or England, but I think he is in England. I hope I can see him soon. I am just crazy to see him and the rest of the boys. I have not heard from Lizzie for some time. I wish I could hear from her. She doesn't seem to get my letters. Tell mamma I am expecting something nice in my Xmas box, and I hope I am lucky enough to get it. Well I must close for this time. Will write again soon. From your son.

JONAS P. RUCKER DIES IN CINCINNATI

Agent Here for L. & N. For Many Years, Esteemed Citizen and Churchman, Succumbs.

Jonas P. Rucker died at the Bethesda Hospital in Cincinnati, Tuesday morning at seven o'clock, after a very serious illness of eight weeks duration of Bright's disease and hardening of the arteries. Mr. Rucker was taken to Cincinnati last Friday to consult Dr. Reid, a noted specialist, who after a very careful examination on Saturday, announced to his devoted wife and brothers who accompanied him, his case was not by any means hopeless, and a letter was received by Miss Shugars, his wife's sister, only the day before his death, which spoke very encouragingly of his condition, but despite the efforts of physicians and nurses, his spirit passed into the dreamless sleep. Mr. Rucker was a highly esteemed citizen, and it can be truthfully said of him, he numbered his friends by his acquaintances. Courteous and affable to all alike, of cheerful disposition, his friends liked to linger in his home of which it was said there could not be found one more hospitable or a host who enjoyed his friends more than he did. Mr. Rucker was reared near Paint Lick, son of Mr. I. C. Rucker, who preceded him to the grave about two years ago. His aged mother survives, also a devoted wife, whom he married about fifteen years ago, four sisters, Mrs. Williams, Mrs. Treadway, Mrs. Conn, and Miss Chasteen Rucker, four brothers, Hume, of Louisville, James and Roger, of Lexington, and Orlando of Waco. He was agent at the L. & N. depot for ten years, and previous to that time, was operator, both of which positions he filled to the entire satisfaction of the company. He was a pillar in the Methodist church, always present when his health permitted, and his place will be hard to fill. The funeral arrangements have yet been made, pending the arrival of the body.

Trading Lively In Town On a Cold Court Day

Notwithstanding the cold weather there was a fairly good crowd in town today. Trading was brisk all day and prices on cattle held up well. Mule prices were a little off, especially as regards army mules, a number of which were offered at the East End Stock Yards, by Hughes and McCarty of Ohio. The farmers seemed to have an idea that something was wrong with the veterans from the army, and did not take hold of them much. Those that did sell did not average much over \$300 a pair. Trading in town was much better on mule stuff, and there were a number of sales made at good prices.

There were about 1,500 cattle at the East End Stock Yards, and they sold from 7 to 13 cents a pound. Most of the feeders sold around 11½ cents. Collins and Lakes sold several of the best bunches that changed hands. T. E. Baldwin, Sr., bought a bunch to feed at 11½ cents a pound, and his son, Tom Baldwin, Jr., paid about 13 cents for a bunch. About 100 hogs at this market sold around 14 cents. The Madison Yards had a good run, too, something like 1,250 cattle being sold there; heavier stuff bringing around 11½ cents, with cheaper stuff slow and draggy. A load of hogs sold at 13 cents. A bunch of Lincoln county feeders, including Jack Spooner, John Goggin and others bought some nice stuff at these yards.

FAVOR RETURN TO PRIVATE OWNERSHIP

Majority of Interstate Commerce Commission Gives Detailed Statement To Senate Committee.

Washington, Jan. 7—Opposition to government ownership or operation of railroads at this time was expressed today by the Interstate Commerce Commission in a statement presented to the Senate Interstate Commerce Committee at its hearing on railway legislation by Commissioner Edgar E. Clark.

"Considering and weighing as best we can, all the arguments for and against the different plans," said the statement, "we are led to the conviction that with the adoption of appropriate provisions and safeguards for regulation under private ownership, it would not be wise or best at this time to assume government ownership or operation of the railways of the country."

The Commission declares, however, "a reasonable period of readjustment or preparation" should be allowed before relinquishment of government control. "It seems obvious," says the statement, "that no plan of private ownership should be considered unless under broadened, extended and amplified government regulation."

Commissioner Wooley, dissented, advocating McAdoo's extension of federal management.

The Commission presented a detailed program for proposed legislation in case the railroads are returned to private ownership, providing for strict government regulation of rates, services, finances, security issues, and pooling of facilities and clarification of any doubtful relationship between federal and state authorities.

News of the Oil Fields

The Atlantic Oil Company, No. 1 Allison Rowe, near Lee City, in Wolfe county, is reported dry. The well was drilled to a depth of 1,838 feet, and a good showing of gas was found at 1,700 feet. Other parties drilling one half miles south of this well also have a dry well, not quite as deep as the Allison Rowe. This test was very important, inasmuch as it was in a new and undeveloped territory.

The Central Oil Company No. 2, W. T. Boothe, was reported at 25 barrels.

High Gravity Oil Co., No. 1, Geo. W. Boothe, was reported at 50 barrels. These wells are in the Big Sink, Lee county.

Mason and Dixon Oil Co. No. 4, Comet, is reported at 5 barrels.

Bankers No. 4, Joel Hubbard, have a well estimated good for 30 barrels

In Powell county, O. A. Wright or M. S. Cole, No. 3, was dry. Petroleum Ex. Company, on Miller Prewitt and Goff, was reported at two barrels.

No. 12, Hudson and Collins, L. and P. Stone, Lee county, 225 barrels.

No. 7, Carter Oil Co., D. B. Pendergrass farm, Lee county, 150 barrels.

No. 11, Quaker Oil Company, Geo. Barth farm, Lee county, 10 barrels.

No. 10, High Gravity Oil Company, W. T. Barth, 50 barrels.

No. 3, Backer-Snyder Oil Company, Robert Bingham farm, 25 barrels.

No. 2, Lexington Oil Corporation, Wm. Flynn farm, 30 barrels.

No. 2, Central Oil Company, Maple tract farm, Lee county, 15 barrels.

The Cumberland Pipe Line runs given out for the week ending December 21st, of 99,846.66 barrels was very encouraging, as this was by several thousand barrels the largest runs reported by the Cumberland.

This is understood to be about the capacity of the Cumberland at the present time.

About five miles north of the Jewell there has been a new well completed in a new territory, on the Warren farm, in Barren county. It is said that the hole stands almost full.

The Atlantic Oil Company's power house on the Shoemaker lease was demolished by a gas explosion Tuesday, and Ross Osterhout, who was there at the time, was badly burned

are as follows:

No. 9, Cumberland Oil Co., E. S. Moore farm, Lee county, 200 barrels.

No. 8, W. P. Williams Corporation, Crate Miller farm, dry.

The Torrent Oil Production Co., are completing their No. 8 Profit, near Torrent, and the prospects are said to be a good for a producer. They have just completed their No. 5, McQuinn, same district, which is reported at 10 barrels.

The Montezuma Company is in line on their No. 1, W. R. Davidson, in Barren county.

With the end of the year 1918, and

a general review of the oil conditions in the Kentucky fields, the outlook for 1919 is very promising. It is said that the next year will bring much greater development and be productive of better results than any year since the Kentucky fields were opened. Many companies are operating on a large scale, and all seem to be well satisfied with the results of the year just completed, as well as the prospects for next year.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with pain in my left side, could not sleep at night with this pain, always in the left side." My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.

The death of Roosevelt removes one of the three most striking figures that America has produced in the last 50 years; the other two, to our mind, being Bryan and Wilson. Roosevelt leaves a lasting impression upon the nation—virile, patriotic, picturesque.

He was representative of the militant Americanism, so brilliantly exemplified by the recent affair in France.

To many, it has seemed a pity that

Roosevelt felt it his duty to assume the attitude he did toward the conduct of America's part in the war.

But that he acted out of the honesty of his convictions and viewpoint, no one will gainsay.

Intelligent and impartial criticism

is always to be desired of any matter

which affects the public, particularly.

But there are many who believe that

in the enthusiasm and intensity of his

partisanship, Roosevelt went much

too far in many of the things he said

However, he is dead, and the world

has lost a remarkable character. The

future only will correctly measure

the true greatness of the man. That

he would have been the republican

candidate for president next year, has

seemed to us for some time, the only

logical thing for him and that party

to do. His death leaves it practically

leaderless, so far as outstanding, ag-

gressive timber, of proved quality, is

concerned.

"OVER THE TOP,"

Sergeant Empey's Interesting Story of the War.

When I came to, hell was let loose.

An intense bombardment was on, and on the whole my position was decidedly unpleasant. Then, suddenly, our barrage ceased. The silence almost burst, but not for long, because Fritz turned loose with shrapnel, machine guns, and rifle fire. Then all along our line came a cheer and our boys came over the top in a charge.

The first wave was composed of "Jocks." They were a magnificent sight, kilts, flapping in the wind, bare knees showing, and their bayonets glistening. In the first

wave that passed my shell hole, one of the "Jocks," an immense fellow, about six feet two inches in height jumped right over me. On the right and left of me several soldiers in colored kilts were huddled on the ground, then over

came the second wave, also "Jocks."

One young Scot, when he came

abreast of my shell hole, leaped into the air, his rifle shooting out of his

hands, landing about six feet in front of him, bayonet first, and stuck in the ground, the butt trembling. This im-

pressed me greatly.

Right now I can see the butt of that gun trembling. The Scot made a complete turn in the air, hit the ground, rolling over twice, each time clawing at the earth, and then remained still, about four feet from me, in sort of sitting position. I called to him, "Are you hurt badly, Jock?" but no answer. He was dead. A dark red smudge was coming through his tunic right under the heart. The blood ran down his bare knees, making a horrible sight. On his right side he carried his water bottle. I was crazy for a drink and tried to reach this, but for the life of me could not negotiate that four feet. Then I became unconscious. When I woke up I was in an advanced first-aid post. I asked the doctor if we had taken the trench. "We took the trench and the wood beyond, all right," he said, "and you fellows did your bit; but, my lad, that was thirty-six hours ago. You were lying in No Man's Land in that hell hole for a day and a half. It's a wonder you are alive."

He also told me that out of the twenty

that were in the raiding party, seventeen were killed. The officer died of

wounds in crawling back to our trench

and I was severely wounded, but one

fellow returned without a scratch, without any prisoners. No doubt this chap

was the one who had sneezed and im-

properly cut the barbed wire.

In the official communiqué our trench

rail was described as follows:

"All quiet on the western front, ex-

cepting in the neighborhood of Gom-

court wood, where one of our raid-

ing parties penetrated into the German

lines."

It is needless to say that we had no

use for our persuaders or come-alongs,

as we brought back no prisoners, and

until I die Old Pepper's words, "Per-

sonally I don't believe that that part

of the German trench is occupied," will

always come to me when I hear some

fellow trying to get away with a fishy

statement. I will judge it accordingly.
